

CSS Quick Guide

```
/*This changes background color of all pages*/
body{
    background-color:lavender;
}

/*This changes all h1 tags to Comic Sans
Increases the font size
Changes color to red
aligns text in center
*/

h1{
    font-family:Comic Sans MS;
    font-size:30pt;
    color:red;
    text-align:center;
}

/*This is an id attribute. Start with hash tag # */
#paraId{
    color:purple;
    font-family:Trebuchet MS;
}

/*This is a class attribute. Start with full stop . */
.paraClass{
    font-size:16pt;
    color:navy;
}
```
