Task 3: web design and development

Woodline Academy holds a 'pupil of the month' competition. They wish to add a new page to their school website each month with the following content:

- the school name
- the month of the competition
- the name of the winning pupil
- a photo of the winning pupil
- a sound recording of an interview with the winning pupil

3a   State **one** end-user requirement and **two** functional requirements for the new page.

End-user requirement **(1 mark)**

My website will allow users to

- view the winning pupil's photograph
- play the winning pupil's interview

Functional requirements **(2 mark)**

The functional requirements are that my website:

- must contain and be able to play an audio file of an interview with winning pupil
- must contain a photograph of the winning pupil
- must include text including the school name, the month and the name of pupil
